- ▶ Medical utensils

EcoLogic
Silentec®
i-control®

**PROFESSIONAL,
MULTIFUNCTIONAL
SHREDDER**

with smart feeders from the front and from the top for maximum user flexibility. This document shredder offers the customer data protection compliant destruction of a large number of sensitive data in accordance with DIN standard 66399 (ISO / IEC 21964). The robust shredder is compact and commercially available for continuous operation. Automatic start / stop via photoelectric sensor. A permanent forward-reverse function prevents paper jams. The i-control multifunction switch offers a manual start / stop function, bin full and door open indications and shows the operating status. Equipped with an automatic oiler that prevents damage on cutting cylinders. With wooden cabinet and mounted on castors. Low noise level via Silentec system and EcoLogic energy saving system with automatic shutdown after 5 minutes of idle time.

A TOP CLASS SHREDDER

- +
Maximum user flexibility thanks to different feeding options
 The front feeding slot is suitable for paper stacks of up to 30 sheets, single CDs, credit cards etc., and the larger top feeder for crumpled paper, CDs, floppy disks, or other bulky items in a quantity of 3-4 pieces. High-quality sliding door with a grip allows convenient feeding and protection against splinters for the user and also works as a window to follow the destruction process.

- +
Continuous operation
 Powerful machine with strong gear system allows destruction of a variety and considerable amount of material. Extensive product testing classify the machine as suitable for continuous operation. Permanent automatic forward and reverse function secure full destruction of inserted material without overheating.

- +
Designed for office environment
 The sleek matt white surface colour and modern light grey of the structured top cover is pleasing to the eye and fits any business environment.

- +
Made in Germany
 Developed and manufactured in Germany guarantees durability.
